SafePath Children’s Advocacy Center, Inc.  
COVID-19 UPDATE

SafePath considers the safety and health of our clients, MDT members, and employees our highest priority. We have been monitoring information as it becomes available from medical professionals and the CDC to stay on top of the Coronavirus (COVID-19) situation as it evolves. As of today, the CDC made some new recommendations. In addition, the President also made new recommendations increasing recommendations for prevention of the spread of the virus.

In light of the new recommendations and after discussions with our MDT members SafePath Children’s Advocacy Center will move to an ON-CALL basis only, effective March 17, 2020, until further notice. We will continue to make decisions that are in the best interest of our staff, clients and MDT members.

Thank you for your understanding and support in our attempts to protect the wellness of our clients, staff, and MDT members. We remain committed to doing our part as an organization serving children and families in need during this time.

Ensuring the health, safety and well-being of the children, families, MDT members and community members we serve, has always been a top priority, and is especially critical at this time.
